- (i) *These programme regulations should be read in conjunction with the University's Taught Programme Regulations.*
- (ii) *All optional modules are offered subject to the constraints of the timetable and to any restrictions on the number of students who may be taught on a particular module. Not all modules may be offered in all years and they are listed subject to availability.*
- (iii) *Unless otherwise stated under 'Type', modules are not core.*
- (iv) *A compulsory module is a module which a student is required to study.*
- (v) *A core module is a module which a student must pass, and in which a fail mark may neither be carried nor compensated; such modules are designated by the board of studies as essential for progression to a further stage of the programme or for study in a further module.*
- (vi) *For stage 3 the degree programme is validated by the Solicitors Regulation Authority and the Bar Standards Board as a Qualifying Law Degree in England and Wales giving exemption from the first (academic) part of professional training. For that reason, all Stage 1 and 2 modules are designated core modules. For stage 1 and 2 the degree programme is validated by the Solicitors Regulation Authority as a Qualifying Law Degree in England and Wales giving exemption from the first (academic) part of professional training as a solicitor. The degree programme contains the seven foundations of legal knowledge required for all students who wish to be called to the Bar and practise as a barrister in England and Wales for the purposes of the Bar Standards Board. For that reason, all Stage 1 and 2 modules are designated core modules.*
- (vii) *All modules are delivered in Linear mode unless stated otherwise as Block, eLearning or distance learning.*

3. Exchange Year Abroad

Candidates may apply to the Board of Studies to attend a two-semester programme of study approved by the Board of Studies at a partner institution abroad. For academic year 2021/22 only, the exchange year abroad shall be undertaken following completion of stage 3 for candidates completing stage 2 in 2019/20. For all other candidates the exchange year abroad will be taken upon completion of Stage 2 and before entering Stage 3. Travel and study abroad will be guided by institutional policy and governmental guidance at the time. Candidates are to be enrolled in the following module in the intercalating year:

<i>Code</i>	<i>Descriptive title</i>	<i>Total Credits</i>	<i>Credits Sem 1</i>	<i>Credits Sem 2</i>	<i>Level</i>	<i>Type</i>	<i>Mode</i>
LAW2100	European and International Legal Studies for Year Abroad Students	120	60	60	6		

Candidates who have completed the exchange year abroad at a European partner institution shall be eligible to be considered for the award of the degree of Bachelor of Laws (European Legal Studies). Students who have completed the exchange year abroad at a non-EU/EEA partner institution shall be eligible to be considered for the award of the degree of Bachelor of Laws (International Legal Studies). For the avoidance of doubt, all other candidates shall be eligible to be considered for the award of the degree of Bachelor of Laws.

The Board of Examiners (BoE) will certify that candidates have completed the Exchange Year Abroad upon receipt of academic transcripts from Partner Universities where the transcripts demonstrate that the candidate has produced a passing performance of the overall year. In this instance candidates will be deemed to have passed LAW2100. For the avoidance of doubt, a passing performance is the successful attainment of an average mark of at least 40 (on the Newcastle scale) across modules undertaken during the exchange year. A failing performance in particular modules can therefore be outweighed by a strong performance in other modules. The BoE might be willing to exercise its discretion and certify completion of the exchange year abroad, notwithstanding academic failure to

attain an average of 40 across the exchange year abroad, where there are relevant and significant personal extenuating circumstances brought to the attention of the Board. Marks and credits attained during the Exchange Year Abroad will not directly input into aggregate or average marks of a student's degree performance for the purposes of determining overall degree classification. Nonetheless, account may, at the discretion of the Board of Examiners, be taken of relevant assessments in the Exchange Year Abroad in awarding the degree class upon completion of the relevant programme.

Failure to complete the Exchange Year Abroad, and thus resulting in a Fail in LAW2100, will result in candidates being transferred from either the ILS programme, or the ELS programme, back to the M101 LLB programme for the remainder of their degree studies.

4. Placement Year

On completion of Stage 2 and before entering Stage 3, candidates may as part of their studies for the degree spend a year in a placement with an approved organisation. Permission to undertake a placement is subject to the approval of the Degree Programme Director. Students who are required to re-sit their Stage 2 assessment must delay the start of their placement until they have done so. Students who fail Stage 2 may not complete a placement year.

8. Degree classification

In exercising discretion under the University's Undergraduate Examination Conventions, the Board of Examiners may take account of relevant assessments in the year abroad.
- (b) For all undergraduate cohorts commencing studies in 2013/14 (and in subsequent years) the assessment for Stage 2 shall account for 33 per cent of the total assessment and the assessment for Stage 3 shall account for 67 per cent of the total assessment in determining Honours performance.
