Notes

- (i) *These programme regulations should be read in conjunction with the University's Undergraduate Progress Regulations and Examination Conventions.*
- (ii) *All optional modules are offered subject to the constraints of the timetable and to any restrictions on the number of students who may be taught on a particular module. Not all modules may be offered in all years and they are listed subject to availability.*
- (iii) *Unless otherwise stated under 'Type', modules are not core.*
- (iv) *A compulsory module is a module which a student is required to study.*
- (v) *A core module is a module which a student must pass, and in which a fail mark may neither be carried nor compensated; such modules are designated by the board of studies as essential for progression to a further stage of the programme or for study in a further module.*
- (vi) *All Bachelor of Engineering with Honours and Master of Engineering with Honours shall have a Stage 0 which candidates may be required to follow, as determined by the prerequisites for the relevant Stage 1 modules and subject to the approval of the relevant Degree Programme Director.*
- (vii) *Candidates who have successfully completed Stage 0 will normally be allowed to progress to Stage 1 of any Bachelor of Engineering with Honours or Master of Engineering with Honours degree programme if they wish. Candidates may be able to progress to stage 1 of other degrees by agreement with the appropriate Degree Programme Director.*
