

Programme Regulations: 2024/25

Programme Title: Degree of Master of Science in Shipping and Logistics - Code: 5276F/P

Notes:

- (i) These programme regulations should be read in conjunction with the University's Postgraduate (Taught) Progress Regulations and Examination Conventions.
- (ii) A core module is a module which a student must pass.
- (iii) A compulsory module is a module which a student is required to study.
- (iv) All modules are delivered in Block mode unless stated otherwise as Linear, eLearning or distance learning.

1. Programme structure

- (a) The programme is available for study in both full-time and part-time modes.
- (b) The period of study for full-time mode shall be one year starting in September. The period of study for part-time mode shall normally be two years starting in September.
- (c) The programme comprises modules to a credit value of 180.

- (d) All candidates shall take the following compulsory modules:

Code	Descriptive title	Total Credits	Credits Sem 1	Credits Sem 2	Credits Sem 3	Level	Mode
CEG8422	Intelligent Transport Systems	10	10			7	Block
CEG8423	Transport Research Methods	10	10			7	Block
CEG8431	Technologies for Future Mobility	10		10		7	Block
MAR3021	Marine Transport Business	10	10			6	Linear
MAR8014	Marine Liability Insurance & Law	10		10		7	Block
MAR8029	Maritime Economics	10		10		7	Block
MAR8075	Logistics	20	10	10		7	Block
MAR8096	Dissertation	80	10	10	60	7	
MAR8174	Shipping Market Analysis	10		10		7	Block
MAR8183	Commercial Awareness and Data Analytics	10		10		7	Block

- (e) With the approval of the Degree Programme Director alternative optional modules to those listed above may be selected.

2. Assessment methods

Details of the assessment pattern for each module are explained in the module outline.

For the purpose of professional accreditation, the University's Education Committee has approved a variation to the Taught Programme Regulations to the effect that a candidate who passes all core modules and fails up to 20 credits of non-core modules is recommended, as of right, for the award of an appropriate Master's degree or Postgraduate Diploma, provided that no mark is below 40 and the weighted average mark for all modules and all non-modular aggregated assessment is at least 50.

The Master of Science in Engineering Science is a non-accredited Masters degree title awarded where a candidate only meets the requirements of the University's Taught Programme Regulations and Examination Conventions and not the requirements of accreditation.
