Notes

- (i) *These programme regulations should be read in conjunction with the University's Taught Programme Regulations.*
- (ii) *All optional modules are offered subject to the constraints of the timetable and to any restrictions on the number of students who may be taught on a particular module. Not all modules may be offered in all years and they are listed subject to availability.*
- (iii) *Unless otherwise stated under 'Type', modules are not core.*
- (iv) *A compulsory module is a module which a student is required to study.*
- (v) *A core module is a module which a student must pass, and in which a fail mark may neither be carried nor compensated; such modules are designated by the board of studies as essential for progression to a further stage of the programme or for study in a further module.*
- (vi) *All modules are delivered in Linear mode unless stated otherwise as Block, eLearning or distance learning.*

1. Stage 3

Year 3 (Placement or International Study Year')

- (a) On completion of Stage 2 and before entering Stage 3, candidates may as part of their studies for the degree spend a year in a placement with an approved organisation or undertake an international study year. Permission to undertake either is subject to the approval of the Degree Programme Director. Students who are required to re-sit their Stage 2 assessment must delay the start of their placement or international study year until they have done so. Students who fail Stage 2 may not complete a placement or international study year.

NB: Travel and study abroad will be guided by institutional policy and governmental guidance at the time.

4. Assessment methods

Details of the assessment pattern for each module are explained in the module outline.

5. Degree classification

Candidates will be assessed for degree classification on the basis of all the modules taken at Stages 2 and 3 with the weighting of the stages being 1:2 for Stage 2 and Stage 3 respectively.

All candidates are required, as an integral part of the degree programme, to carry out such supervised fieldwork as may be arranged, and to attend supervised field-based modules in Britain or abroad which may be held during the vacations. Some of these field-based modules form a compulsory component of the FH82 curriculum.

Travel and study abroad will be guided by institutional policy and governmental guidance at the time.

6. Degree Title

Upon successful completion of the degree, the degree title awarded will be Degree of Bachelor of Science with Honours in Physical Geography (FH82). Candidates who choose to take part in the Placement Year/Year Abroad shall be transferred onto the four-year version of the programme and graduate with either a Bachelor of Science in Physical Geography (with Placement Year) 1699U or Bachelor of Science with Honours in Physical Geography (with Year Abroad) 1818U.
